Pharmacology-Richard Finkel (Pharm.D.) 2009 Lippincott's Illustrated Reviews: Pharmacology, Fourth Edition enables rapid review and assimilation of large amounts of complex information about the essentials of medical pharmacology. Clear, sequential pictures of mechanisms of action actually show students how drugs work, instead of just telling them as. In previous editions, the book features an outline format, over 500 full-color illustrations, cross-references to other volumes in the Lippincott's Illustrated Reviews series, and new, case-based questions that have been thoroughly updated, and a new chapter covers toxicology. New to this edition will be a companion Website containing all of the illustrations, fully searchable text, and an interactive question bank.

Clinical Pharmacology and Therapeutics: Questions for Self Assessment, Third edition-Timothy G K Mant 2008-04-25 So you think you've got a handle on therapeutic management? How does work and interact with each other, how the body handles them and how drug treatments are assessed? This self-assessment volume allows you to learn, revise and test yourself on all aspects of clinical pharmacology and therapeutics. Four different question types are provided to test your knowledge in this important area - multiple choice questions, extended matching questions, 'best of fives' and problem-solving questions. Detailed explanatory answers ensure this book solves your queries as well as providing essential revision for those all-important exams. Test your knowledge with Clinical Pharmacology and Therapeutics: Questions for Self Assessment and not only develop your exam technique but become a better prescriber.
