Brave New World-Aldous Huxley 2009-02-27 Huxley's story shows a futuristic World State where all emotion, love, art, and human individuality have been replaced by social stability. An ominous warning to the world's population, this literary classic is a must-read.

Brave New World Revisited-Aldous Huxley 2014-07-01 When the novel Brave New World first appeared in 1932, its shocking analysis of a scientific dictatorship seemed a projection into the remote future. Here, in one of the most important and fascinating books of his career, Aldous Huxley uses his tremendous knowledge of human relations to compare the modern-day world with his prophetic fantasy. He scrutinizes threats to humanity, such as overpopulation, propaganda, and chemical persuasion, and explains why we have found it virtually impossible to avoid them. Brave New World Revisited is a trenchant plea that humankind should educate itself for freedom before it is too late.

Brave New World and Brave New World Revisited-Aldous Huxley 2005-07-05 The astonishing novel Brave New World, originally published in 1932, presents Aldous Huxley's vision of the future -- of a world utterly transformed. Through the most efficient scientific and psychological engineering, people are genetically designed to be passive and therefore consistently useful to the ruling class. This powerful work of speculative fiction sheds a blazing critical light on the present and is considered to be Huxley's most enduring masterpiece. Following Brave New World is the nonfiction work Brave New World Revisited, first published in 1958. It is a fascinating work in which Huxley uses his tremendous knowledge of human relations to compare the modern-day world with the prophetic fantasy envisioned in Brave New World, including threats to humanity, such as overpopulation, propaganda, and chemical persuasion.

Brief Candles. Four Stories.-Aldous Huxley 2021-03-12 Brief Candles (1930), Aldous Huxley's fifth collection of short fiction, consists of the following four short stories: "Chawdron" "The Rest Cure" "The Claxtons" "After the Fireworks" Brief Candles takes its title from a line in William Shakespeare's Macbeth, from Macbeth's famous soliloquy: "Out, out, brief candle! Life's but a walking shadow, a poor player that struts and frets his hour upon the stage and then is heard no more: it is a tale told by an idiot, full of sound and fury, signifying nothing."

Aldous Huxley-Raychel Haugrud Reiff 2010-01-15 An in-depth analysis of Aldous Huxley, his writings, and the historical time period in which they were written.

Aldous Huxley's Brave New World-David Rogers 1970 The astonishing novel Brave New World,
originally published in 1932, presents Aldous Huxley's vision of the future -- of a world utterly transformed. Through the most efficient scientific and psychological engineering, people are genetically designed to be passive and therefore consistently useful to the ruling class. This powerful work of speculative fiction sheds a blazing critical light on the present and is considered to be Huxley's most enduring masterpiece. Following Brave New World is the nonfiction work Brave New World Revisited, first published in 1958. It is a fascinating work in which Huxley uses his tremendous knowledge of human relations to compare the modern-day world with the prophetic fantasy envisioned in Brave New World, including threats to humanity, such as overpopulation, propaganda, and chemical persuasion.

Huxley's Brave New World: Essays—David Garrett Izzo 2008-05-23 Aldous Huxley’s prophetic novel of ideas warned of a terrible future then 600 years away. Though Brave New World was published less than a century ago in 1932, many elements of the novel’s dystopic future now seem an eerily familiar part of life in the 21st century. These essays analyze the influence of Brave New World as a literary and philosophical document and describe how Huxley forecast the problems of late capitalism. Topics include the anti-utopian ideals represented by the rigid caste system depicted, the novel’s influence on the philosophy of “culture industry” philosophers Max Horkheimer and Theodor Adorno, the Nietzschean birth of tragedy in the novel’s penultimate scene, and the relationship of the novel to other dystopian works.

Aldous Huxley’s Brave New World—Sharon Yunker 1995 REA's MAXnotes for Aldous Huxley's Brave New World MAXnotes offer a fresh look at masterpieces of literature, presented in a lively and interesting fashion. Written by literary experts who currently teach the subject, MAXnotes will enhance your understanding and enjoyment of the work. MAXnotes are designed to stimulate independent thought about the literary work by raising various issues and thought-provoking ideas and questions. MAXnotes cover the essentials of what one should know about each work, including an overall summary, character lists, an explanation and discussion of the plot, the work's historical context, illustrations to convey the mood of the work, and a biography of the author. Each chapter is individually summarized and analyzed, and has study questions and answers.

The Ultimate Brave New World—Aldous Huxley 2014-01-01 This collection brings together some of Aldous Huxley’s most famous works, all of which center around his ideas about the future of the human race. Huxley’s most famous work, Brave New World takes the principles of consumerism and mass production to the extreme in the high-tech dystopian future which he imagined was in store for humanity. In Island, written as a counterpart to Brave New World, Huxley offers an oppositional view: the idea of a utopian society where personal desire and social norms exist in perfect harmony.
Lastly, this volume contains Huxley’s essay Brave New World Revisited, which re-evaluates humanity’s decline towards the dystopian future Huxley imagined in Brave New World nearly thirty years before. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Aldous Huxley, Brave New World - Angela Luz 2005

Conditioning in Aldous Huxley’s "Brave New World" - Franziska Caesar 2013-04-03 Seminar paper from the year 2010 in the subject Literature - Basics, grade: 2.0, Catholic University Eichstätt-Ingolstadt (Sprach-und Literaturwissenschaften), language: English, abstract: Contents 1. Introduction ................................................................. 03 2. The various forms of conditioning in Brave New World .................................................................... 04 2. 1 Biological engineering ............................................... 04 2. 2 The use of psychological conditioning ......................... 05 2. 2. 1 Behaviourism ...................................................... 05 2. 2. 2 Sleep-teaching and hypnopaedia .............................. 06 2. 3 Chemical persuasion .................................................... 08 3. The essential role of conditioning in the “utopian” world .................................................. 10 4. Conclusion .............................................................. 12 Bibliography ................................................................. 14 1. Introduction Unquestionably, Aldous Huxley’s Brave New World, written in 1931, is one of the most fascinating dystopian novels. His description of a world state in the future, in which people are conditioned and manipulated from the cradle to the grave, is meant to be a warning of the danger of dehumanization. Huxley draws a picture of a future including the misuse of political power, economic control, sciences and technology, biological engineering, mass consumption and the loss of ethical values. More precisely, Huxley’s Brave New World could be regarded as a kind of “leisure dystopia” which is defined as an “utopia [that has] gone wretched or failed paradise-engineering projects.” The fine line between utopia and dystopia becomes visible. In leisure dystopian societies like in Brave New World, all problems have officially been abolished and the people are living in wealth and happiness. But this state is only achieved by eliminating intellectualism, values or individual freedom. Therefore, the state rulers need means of control. One of the most powerful tools is conditioning in various forms. This study is meant to focus on the three types of conditioning prevailing in Brave New World. According to the order in the novel, the biological engineering in the pre-natal status will be discussed at first. Thereafter, the use of psychological conditioning with the methods of behaviourism, sleep-teaching and hypnopaedia is an essential theme. To complete it, the last type of conditioning, the chemical manipulation will be looked at. The different aspects will be combined with the motto of the World State in Brave New World: “Community, Identity, Stability”. Furthermore the loss of individuality caused by biological and psychological conditioning is an important component within the analysis. After this closer examination...

The Genius And The Goddess - Aldous Huxley 2014-01-01 John Rivers has just earned his PhD when he is offered the position of laboratory assistant to the eminent physicist Henry Maartens. With no place to live, Rivers accepts lodgings with Dr. Maartens, his young daughter and beautiful wife, and soon becomes emotionally entangled within their family. His stay instigates a stream of events that forever alters both the character and future of the Maartens family and Rivers himself. Published in 1955—over twenty years after his critically acclaimed Brave New World—Aldous Huxley’s The Genius and the Goddess is renowned for its skillful treatment of such themes as love, intellect, sexuality, religion and death. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Brave New World - Aldous Huxley 2009

Brave New World - Aldous Huxley 2012-03-31

Aldous Huxley's Brave New World - Harold Bloom 2011 Collects critical essays on "Brave New
Brave New World by Aldous Huxley Summary & Analysis-Steve Wallace 2017-04-25 Brave New World is a novel written in 1931 by Aldous Huxley, and published in 1932. Set in London in the year AD 2540 (632 A.F.-"After Ford"-in the book), the novel anticipates developments in reproductive technology, sleep-learning, psychological manipulation, and classical conditioning that are combined to profoundly change society. In 1999, the Modern Library ranked Brave New World fifth on its list of the 100 best English-language novels of the 20th century. In 2003, Robert McCrum writing for The Observer included Brave New World chronologically at number 53 in "the top 100 greatest novels of all time," and the novel was listed at number 87 on the BBC's survey The Big Read. The Educational Prophecies of Aldous Huxley-Ronald Zigler 2015-03-05 The visionary legacy of Aldous Huxley is as relevant today as ever. Huxley possessed a sober understanding of the human condition as well as an inspired vision of the human potential. This volume presents an interdisciplinary examination and appreciation of Aldous Huxley’s three visionary novels – Brave New World (1932), Ape and Essence (1948), and Island (1962) – to reveal the extent to which Huxley’s prognoses into our possible futures was prophetic. The author assesses each novel to reveal the foresights that define our current educational, social, religious, political, and economic institutions, while also exposing our conflicts within those institutions. This volume examines the educational, cultural and technological changes that have shaped our society since Huxley’s work, with special reference to the enduring legacy of educational philosopher John Dewey. It offers profound insights into the educational forces and moral foundations of our society that shape us, both inside and outside of our schools. It is the first of its kind to focus exclusively on all three of Huxley’s visionary novels and detail their relevance to our world today. Brave New World-Aldous Huxley 2014-08-12 Widely regarded as one of the great classic examples of dystopian fiction (along with Orwell’s 1984), Brave New World is a chilling tale of a world where humanity has given up love, art, freedom, and even choice, all in the name of stability and happiness. This stability is rocked when the long-lost son of one of their highest caste is found living on a savage reservation. Devoid of the careful subliminal education that all people normally receive, the savage stands as a contradiction to everything that society values. His presence in their midst forces others to question these same values, and threatens to change their lives forever. Penguin Random House Canada is proud to bring you classic works of literature in e-book form, with the highest quality production values. Find more today and rediscover books you never knew you loved. Aldous Huxley's "Brave New World" - Major Themes and what has become reality today-Florian Schumacher 2006-08-11 Seminar paper from the year 2005 in the subject English - Literature, Works, grade: none, Carl von Ossietzky University of Oldenburg (English Department), course: Literary Utopias and Dystopias, 5 entries in the bibliography, language: English, abstract: This paper is about the major themes of Huxley’s novel "Brave New World" and about how much of these themes have (in part) become reality today. The paper takes a closer look on genetic engineering, the misuse of psychological conditioning, promiscuity to achieve happiness and the destruction of the institution "family" and examines each theme’s relevance for our society today. Wandering into Brave New World-David Leon Higdon 2013-10-01 Wandering into Brave New World explores the historical contexts and contemporary sources of Aldous Huxley’s 1932 novel which, seventy years after its initial publication remains the best known and most discussed dystopian work of the twentieth century. This new study addresses a number of questions which still remain open.
Did his round-the-world trip in 1925-1926 provide material for the novel? Did India’s caste system contribute to the novel’s human levels? Is there an overarching pattern to the names of the novel’s characters? Has the role of Hollywood in the novel been underestimated? Is Lenina Crown a representative 1920s “flapper”? Did Huxley have knowledge of and sources for his Indian reservation characters and scenes quite independent of and more accurate than those of D. H. Lawrence’s writings? Did Huxley’s visit to Borneo contribute anything to the novel? New research allows substantive answers and even explains why Huxley linked such figures as Henry Ford and Sigmund Freud. It also shows how the novel overcomes its intense grounding in 1920s political turmoil to escape into the timelessness of dystopian fiction.

Stone Rider—David Hofmeyr 2015 "A young man who seeks revenge and redemption from his past joins a brutal race to win a chance to escape his dying world"—

Handbook of the English Novel of the Twentieth and Twenty-First Centuries—Christoph Reinfandt 2017-06-12 The Handbook systematically charts the trajectory of the English novel from its emergence as the foremost literary genre in the early twentieth century to its early twenty-first century status of eccentric eminence in new media environments. Systematic chapters address ‘The English Novel as a Distinctly Modern Genre’, ‘The Novel in the Economy’, ‘Genres’, ‘Gender’ (performativity, masculinities, feminism, queer), and ‘The Burden of Representation’ (class and ethnicity). Extended contextualized close readings of more than twenty key texts from Joseph Conrad’s Heart of Darkness (1899) to Tom McCarthy’s Satin Island (2015) supplement the systematic approach and encourage future research by providing overviews of reception and theoretical perspectives.

Brave New World—Aldous Huxley 2018-05-05 Far in the future, the World Controllers have created the ideal society. Through clever use of genetic engineering, brainwashing and recreational sex and drugs all its members are happy consumers. Bernard Marx seems alone harbouring an ill-defined longing to break free. A visit to one of the few remaining Savage Reservations where the old, imperfect life still continues, may be the cure for his distress... Huxley’s ingenious fantasy of the future sheds a blazing light on the present and is considered to be his most enduring masterpiece.

We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Sparknotes—SparkNotes LLC. 2014 Created by Harvard students for students everywhere, each title in the ‘Sparknotes’ series contains complete plot summary and analysis, key facts about the work, an analysis of the major characters, suggested essay topics, themes, motifs, and symbols, and an explanation of important quotations.

My Sister’s Keeper - Movie Tie-In—Jodi Picoult 2009-05-19 Conceived to provide a bone marrow match for her leukemia-stricken sister, teenage Kate begins to question her moral obligations in light of countless medical procedures and decides to fight for the right to make decisions about her own body.

The Shape of Things to Come—H. G. Wells 2005-05-26 When Dr Philip Raven, an intellectual working for the League of Nations, dies in 1930 he leaves behind a powerful legacy - an unpublished ‘dream
book’. Inspired by visions he has experienced for many years, it appears to be a book written far into the future: a history of humanity from the date of his death up to 2105. The Shape of Things to Come provides this ‘history of the future’, an account that was in some ways remarkably prescient - predicting climatic disaster and sweeping cultural changes, including a Second World War, the rise of chemical warfare, and political instabilities in the Middle East.

Brave New World by Aldous Huxley and Blade Runner: the Director's Cut Directed by Ridley Scott-Megan De Kantzow 2001

Amusing Ourselves to Death-Neil Postman 2006 Examines the ways in which television has transformed public discourse--in politics, education, religion, science, and elsewhere--into a form of entertainment that undermines exposition, explanation and knowledge, in a special anniversary edition of the classic critique of the influence of the mass media on a democratic society. Reprint.

The Brothers Karamazov-Fyodor Dostoevsky 2020-10-06 Three brothers and their relations in 19th century Russia provide the base for a sweeping epic overview of human striving, folly and hope. First published in 1880, The Brothers Karamazov is a landmark work in every respect. Revolving around shiftless father Fyodor Pavlovich Karamazov are the fates of his three sons, each of whom has fortunes entwined with the others. The eldest son, Dimitri, seeks an inheritance from his father and becomes his rival in love. Ivan, the second son, is so at odds with the world that he is driven near to madness, while the youngest, Alexi, is a man of faith and a natural optimist. These personalities are drawn out and tested in a crucible of conflict and emotion as the author forces upon them fundamental questions of morality, faith, reason and responsibility. This charged situation is pushed to its limit by the addition of the unthinkable, murder and possible patricide. Using shifting viewpoints and delving into the minds of his characters, Dostoevsky adopted fresh techniques to tell his wide-reaching story with power and startling effectiveness. The Brothers Karamazov remains one of the most respected and celebrated novels in all literature and continues to reward readers beyond expectation. With an eye-catching new cover, and professionally typeset manuscript, this edition of The Brothers Karamazov is both modern and readable.

The Divine Within-Aldous Huxley 2013-07-02 Brave New World author Aldous Huxley on enlightenment and the "ultimate reality" In this anthology of twenty-six essays and other writings, Huxley discusses the nature of God, enlightenment, being,good and evil, religion, eternity, and the divine. Huxley consistently examined the spiritual basis of both the individual and human society, always seeking to reach an authentic and clearly defined experience of the divine. Featuring an introduction by renowned religious scholar Huston Smith, this celebration of "ultimate reality" proves relevant and prophetic in addressing the spiritual hunger so many feel today.

Brave New World-Robert S. Baker 1990 Describes the background of Brave New World, discusses its themes, and looks at its critical reception.

Leave No One Behind-Homi Kharas 2019-10-29 The ambitious 15-year agenda known as the Sustainable Development Goals, adopted in 2015 by all members of the United Nations, contains a pledge that “no one will be left behind.” This book aims to translate that bold global commitment into an action-oriented mindset, focused on supporting specific people in specific places who are facing specific problems. In this volume, experts from Japan, the United States, Canada, and other countries address a range of challenges faced by people across the globe, including women and girls, smallholder farmers, migrants, and those living in extreme poverty. These are many of the people whose lives are at the heart of the aspirations embedded in the 17 Sustainable Development Goals. They are the people most in need of such essentials as health care, quality education, decent work, affordable energy, and a clean environment. This book is the result of a collaboration between the Japan International Cooperation Research Institute and the Global Economy and Development
program at Brookings. It offers practical ideas for transforming “leave no one behind” from a slogan into effective actions which, if implemented, will make it possible to reach the Sustainable Development Goals by 2030. In addition to policymakers in the field of sustainable development, this book will be of interest to academics, activists, and leaders of international organizations and civil society groups who work every day to promote inclusive economic and social progress. The Educational Prophecies of Aldous Huxley-Ronald Zigler 2016-11-18 The visionary legacy of Aldous Huxley is as relevant today as ever. Huxley possessed a sober understanding of the human condition as well as an inspired vision of the human potential. This volume presents an interdisciplinary examination and appreciation of Aldous Huxley's three visionary novels - Brave New World (1932), Ape and Essence (1948), and Island (1962) - to reveal the extent to which Huxley’s prognoses into our possible futures was prophetic. The author assesses each novel to reveal the foresights that define our current educational, social, religious, political, and economic institutions, while also exposing our conflicts within those institutions. This volume examines the educational, cultural and technological changes that have shaped our society since Huxley’s work, with special reference to the enduring legacy of educational philosopher John Dewey. It offers profound insights into the educational forces and moral foundations of our society that shape us, both inside and outside of our schools. It is the first of its kind to focus exclusively on all three of Huxley’s visionary novels and detail their relevance to our world today.
