ANCIENT SECRETS OF CREATION-Dr. Fred Reiss 2007-06-20

Sepher Yetzira is a second or third century Hebrew book that is considered to be the seminal work of Kabbalah because it is a mystical interpretation of the Old Testament's creation story, and Kabbalists delve beneath the surface of the Bible to understand the unspoken mysteries of how the world came to be. Ancient Secrets of Creation is a new translation and reinterpretation of Sepher Yetzira that provides the answers to questions about how God created the world, especially how the expression, "And God said" is used. Because of Sepher Yetzira's succinctness and the passage of time, its implicit meanings have been lost. However, this work provides a fresh understanding of Sepher Yetzira by rediscovering and clearly explaining those mathematical, scientific, philosophical, and theological foundations on which it rests. These include pertinent pre-Socratic Greek philosophies; the ideas of Plato, Plotinus, Iamblichus, Neopythagoreanism, and Neoplatonism; as well as the works of Philo of Alexandria, the Old Testament, and rabbinic understandings at the time that Sepher Yetzira was written. This translation and explication unlock the secrets hidden within the Hebrew-language text of Sepher Yetzira, the book that started Kabbalah.

Secrets of Creation-Robin Mackay 2020-12-15 An artist and a mathematician debate, find common ground, and jointly create an assemblage that is neither (or both) an artwork and a mathematical model. A week-long residency project brought together artist Conrad Shawcross and mathematician Matthew Watkins to reflect on the ways in which artists use (or misuse)
scientific and mathematical concepts. Secrets of Creation documents this fascinating meeting of worlds, presenting both the week’s discussions and debates, and the project upon which Shawcross and Watkins subsequently embarked. Navigating a route that tacked between formalism and natural language, experts and laymen, quantity and quality, poetics and mechanics, Shawcross and Watkins gradually forged a shared discourse in which the concerns of the artist and those of the mathematician could find a common ground. The project ended with their joint creation of an assemblage that was neither (or both) an artwork and a mathematical model.

Secrets of Creation—Matthew Watkins 2015-03-27 The Mystery of the Prime Numbers uses an innovative visual approach to communicate some surprisingly advanced mathematical ideas without any need for formulas or equations. The issue of prime numbers acts as a gateway into some truly strange philosophical territory whose relevance extends well beyond mathematics. The series Secrets of Creation is in three volumes: Secrets of Creation Volume 1 The Mystery of the Prime Numbers Secrets of Creation, Volume 2 The Enigma of the Spiral Waves Secrets of Creation, Volume 3 Prime Numbers, Quantum Physics and a Journey to the Centre of Your Mind

The Trinity Secret—Marie D. Jones 2011-01-20 The Father, the Son, and the Holy Spirit. Millions of people recognize the Holy
Trinity, but few understand that the concept behind it is not limited to a single religion or belief system. What if the Trinity were an ancient code, a formula, a secret so simple yet so powerful, it could change the way we look at our relationship with the Creator and with creation? The Trinity Secret began with the simple discovery that a trinity or triune nature plays an integral role in all that ever was, is, or will be. From religion, mythology, folklore and psychology to neurophysiology, quantum physics, and even the cutting-edge world of noetics and human consciousness—the concept of a trinity is universal. The number three is a profound and sacred number that speaks of a secret older than humankind. Just a few of the famous trinities include: Father-Son-Holy Spirit Unconscious-Conscious-Superconscious Earth-Hell-Heaven Maiden-Mother-Crone Brahma-Vishnu-Shiva Birth-Life-Death Newton's Three Laws of Motion Join best-selling authors Jones and Flaxman as they embark on a fascinating journey to reveal the secret of the power of three and unlock the code behind the creative force of the universe...a force which each and every one of us has access to.

The Technology of God—Aleya Annaton 2012-12-13
The Technology of God is a science fiction metaphysical thriller, based on the real life theory of award-winning physicist Nassim Haramein. This unification theory is rocking the world of science and religion as it offers a complete scientific understanding of both the physical and spiritual expressions of creation. Aleya Annaton, Emissary of Haramein's Resonance Project Foundation, has masterfully woven the elements of this profound new understanding of our universe into a thrilling romantic adventure. The story is set in a near future America, controlled by an extreme fundamentalist religious faction that has taken over the government. Physicist Dr. Alex Harmon, along with his colleague and lover, the beautiful Sydney Stewart, are seeking a theory that would unlock the secrets of creation... a forbidden subject under the new religious law. Believing the physics of space-time was
encoded into the world's religious traditions, they set out to decipher clues passed down in manuscripts, secret societies, and monuments around the world. When they discover the universe works in ways contrary to mainstream science as well as the prevailing religious doctrine, they are thrust into the crosshairs of the tyrannical leader of the new religious state. As they set out to build a technology to access a mysterious realm they believe underlies all of physical creation, they must negotiate a world of political intrigue, ancient initiation, love, betrayal and contact with Beings from other worlds. What they find at the end of their quest is no less than the answers to the most intriguing questions man has pondered since he first gazed at the stars.

Economic Warfare-Ziad K. Abdelnour 2011-11-21 New insights for investors and business people looking to create wealth in the turbulent post-crisis world. In a no holds barred expose of the 2008 financial meltdown from the inside, Ziad K. Abdelnour argues that the political and financial elites have done nothing to fix the structural problems and instead have worsened the situation. By creating more market bubbles, they are actually waging a war on the most productive members of society. For investors, business people, and entrepreneurs that need to navigate the troubled geopolitical waters of the post-crisis world, Abdelnour offers several solutions, including looking at the world anew and understanding that the federal government's primary objective is to promote the creation of an environment conducive to the creation of wealth not job creation, not bailouts, not subsidies, not expansion of the federal bureaucracy, and not providing lifetime support to those who choose not to take advantage of the innumerable opportunities that exist in this nation for them to create a better, more productive life for themselves. Written for investors that need to navigate the troubled geopolitical waters of the post-crisis world. Offers "out of the box" investment tactics and strategies to outsmart the system. Describes political and business solutions that anyone can engage.
in to restore freedom and prosperity. The author is President and CEO of Blackhawk Partners, Inc., a private family office that has two major lines of business, private equity investments and advisory services, and physical commodities trading. Compelling and persuasive, Economic Warfare reveals that wealth can be created in the new, post-crisis world, but investors need to understand that the rules of the game have changed.

Secret of Wealth Creation: Principle Lessons on the Secrets of Building a Long Lasting Wealth—Sir Patrick Bijou 2018-10-12 Have you ever wondered how some people have become rich and wealthy while the mass of people barely scrape a living? What do wealthy people do that most don't? Whatever they are doing, it seems to work. Millionaires have made money because they made the choice to do the things that would bring them money. Becoming wealthy and successful in life is as simple as finding a plan and putting the footwork in. Many people will look for something complicated and never find it and remain poor. If you

The Secret of the Creation—Pollyen Howard D 2016-06-23 Unlike some other reproductions of classic texts, (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc. We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. How to Fly a Horse—Kevin Ashton 2015-01-20 As a technology pioneer at MIT and as the leader of three successful start-ups, Kevin Ashton experienced firsthand the all-consuming challenge of creating something new. Now, in a tour-de-force narrative twenty years in the making, Ashton leads us on a journey through humanity’s greatest creations to uncover the surprising truth behind who creates and how they do it. From the crystallographer’s laboratory where the secrets of DNA were first
revealed by a long forgotten woman, to the electromagnetic chamber where the stealth bomber was born on a twenty-five-cent bet, to the Ohio bicycle shop where the Wright brothers set out to “fly a horse,” Ashton showcases the seemingly unremarkable individuals, gradual steps, multiple failures, and countless ordinary and usually uncredited acts that lead to our most astounding breakthroughs. Creators, he shows, apply in particular ways the everyday, ordinary thinking of which we are all capable, taking thousands of small steps and working in an endless loop of problem and solution. He examines why innovators meet resistance and how they overcome it, why most organizations stifle creative people, and how the most creative organizations work. Drawing on examples from art, science, business, and invention, from Mozart to the Muppets, Archimedes to Apple, Kandinsky to a can of Coke, How to Fly a Horse is a passionate and immensely rewarding exploration of how “new” comes to be.

Robert Filliou-Anders Kreuger 2017 This is the first substantial English-language overview on the legendary '60s Fluxus artist and poet Robert Filliou (1926-87). With illustrations of nearly 192 works, it also features the transcript of an extensive conversation between Filliou and the Brussels-based art critic Irmeline Lebeer, recorded on seven cassette tapes in August 1976 in Flayosc in southern France. This conversation is structured as an abécédaire and touches on a variety of topics pertaining to Filliou's art and thinking, from amitié (friendship) to zen. This conversation was intended to form the backbone of an extensive monograph but was never published--until now. Robert Filliou: The Secret of Permanent Creationilluminates the mind and the practice of this massively underpublished artist, whose influence on subsequent generations has been both clandestine and colossal.

American President, Harry Truman, picked up the pieces of the faltering campaign initiated by Franklin Roosevelt to create a "United Nations." Using secret agents, financial resources, and their unrivaled position of power, they overcame the intrigues of Stalin, the reservations of wartime allies like Winston Churchill, the discontent of smaller states, and a skeptical press corps to found the United Nations. The author reveals how the UN nearly collapsed several times during the conference over questions of which states should have power, who should be admitted, and how authority should be divided among its branches. By shedding new light on leading participants like John Foster Dulles, John F. Kennedy, Adlai Stevenson, Nelson Rockefeller, and E. B White, Act of Creation provides a fascinating tale of twentieth-century history not to be missed.

Fractals-Jason Lisle 2021-07-01 What if mathematicians discovered a secret code embedded in math disclosing an amazing work of art hidden in the numbers? Just such a code of astounding beauty was discovered in the 1980s. The artworks displayed in this book have always existed, built into the numbers at creation. Dr. Lisle suggests that only the Christian worldview can make sense of this secret code. As such, the images in this book are a demonstration of the truth of that worldview. Demonstrates that even abstract concepts like numbers could not exist apart from God Shows the beauty of God’s design and creation through full-color representations of numbers Confirms that the Christian worldview makes sense of mathematics and mathematical properties

In the Wave Lies the Secret of Creation-Walter Russell 1995-01-01 IN THE WAVE LIES THE SECRET OF CREATION: The Scientific Paintings & Charts of Walter Russell, with commentaries by Dr. Timothy A. Binder, President of the University of Science & Philosophy. Walter Russell said, "In the wave lies the secret of creation". This series of approximately forty-four full color science paintings & ten black & white charts
visually expresses the essence of his whole cycle, generative-radiative, negentropic-entropic, rhythmic-balanced-interchanging vision of universal process. Dr. Sheldon of the Washington Square College Dept. of Physics, NYU, in 1931 encouraged Dr. Russell to produce these paintings with these words, "...I am inclined to think you have found the basis for a new art...I believe anyone capable of understanding your painting will have a much clearer conception of universal waves than he would through any textbook description." These brilliant paintings will fascinate & intrigue both scientist & artist alike. They are symbolic visual descriptions-statements of how the Cosmic play is played. The book will be available in hardcover limited edition at a cost of $25 retail pricing. Standard wholesale discounts apply.

Laws of Creation-Ronald A. Cass 2013-01-01 Cass and Hylton explain how technological advances strengthen the case for intellectual property laws, and argue convincingly that IP laws help create a wealthier, more successful, more innovative society than alternative legal systems. Ignoring the social value of IP rights and making what others create “free” would be a costly mistake indeed.

The Art of Co-Creation-Bryan R. Rill 2018-08-20 This book illustrates how to design and implement co-creation, a powerful form of collective creativity that harnesses the potential of teams and can generate breakthrough insights. Skilled leaders and facilitators can utilize this approach to unleash the creative potential of their organizations. Drawing from years of applied research, the authors bring together insights from the fields of design and organizational development into an evocative and pragmatic “how-to” guidebook. Taking a human-centred rather than process oriented perspective, the book argues that experience design separates true co-creation from other forms of collective efforts and design thinking. Collective moments of creative insight emerge from the space between, an experience of flow and synchronicity from which new ideas spring forth. How to
create and hold this space is the secret to the art of co-creation. Collective breakthroughs require stakeholders to undergo a journey from the world of their existing expertise into spaces of new potential. It requires leaders moving from a position of dominating space to holding the space for others, and developing core capacities such as empathy and awareness so that teams can engage each other co-creatively. This book uncovers the secrets of this journey, enabling process designers to develop more effective programs.

Unlocking the Dream Vision-R. J. Von-bruening 2020-04-15 UNLOCKING THE DREAM VISION: The secret history of creation takes you on a fascinating journey into the mystical esoteric symbolism of the largely forgotten Dream Vision that is buried deep within the ancient Book of Enoch. It is a unique journey where you are taken into the highly symbolic Dream Vision with its mysterious mystical esoteric symbolism, which reveals one of the most heretical, blasphemous, and controversial accounts of creation ever told, for both believer and skeptic alike. It is a secret account of creation that has been suppressed from the general public for over 12,000 years. It is the secret that is still hidden deep within the mysterious esoteric brotherhoods, secret societies, and hidden orders of the world. A secret that once known, reveals the true meaning to the mysterious mystical esoteric symbols of the All-Seeing-Eye, the unfinished pyramid, and even the lost city of Atlantis. Not only will you learn the true meaning behind these famous esoteric symbols and so much more, but you will also learn the answers to some of the biggest mysteries concerning the biblical story and our own forgotten
history that builds a radical new timeline of historical events, including an entirely new theory on the identity of the mysterious figures our ancient ancestors called the 'gods.'

The Universal Law of Creation; Secrets and Laws of the Universe-Gino DiCaprio 2012-01-01
Gino DiCaprio is connected with his Higher-Self and his Spiritual Guide at unexpected moments. Through their guidance, Gino is now using that knowledge to help you find your inner truth so that you can achieve what you want. His books are a Chronicle of three volumes under the title "The Universal Law of Creation". Other books written by Gino can be found under his former name, Jake Hollow.
Say you found that a few dozen people, operating at the highest levels of society, conspired to create a false ancient history of the American continent to promote a religious, white-supremacist agenda in the service of supposedly patriotic ideals. Would you call it fake news? In nineteenth-century America, this was in fact a powerful truth that shaped Manifest Destiny. The Mound Builder Myth is the first book to chronicle the attempt to recast the Native American burial mounds as the work of a lost white race of “true” native Americans. Thomas Jefferson’s pioneering archaeology concluded that the earthen mounds were the work of Native Americans. In the 1894 report of the Bureau of American Ethnology, Cyrus Thomas concurred, drawing on two decades of research. But in the century in between, the lie took hold, with Presidents Andrew Jackson, William Henry Harrison, and Abraham Lincoln adding their approval and the Mormon Church among those benefiting. Jason Colavito traces this monumental deception from the farthest reaches of the frontier to the halls of Congress, mapping a century-long conspiracy to fabricate and promote a false ancient history—and enumerating its devastating consequences for contemporary Native people. Built upon primary sources and first-person accounts, the story that The Mound Builder Myth tells is a forgotten chapter of American history—but one that reads like the Da Vinci Code as it plays out at the upper reaches of government, religion, and science. And as far-fetched as it now might seem that a lost white race once ruled prehistoric America, the damage done by this “ancient” myth has clear echoes in today’s arguments over white nationalism, multiculturalism, “alternative facts,” and the role of science and the control of knowledge in public life.

Unlocking the Mysteries of Genesis-Henry M. Morris 2016 Have you wondered how the creation story in Genesis fits with the evolutionary theories of popular science? Unlocking the Mysteries of Genesis resolves the conflict between faith and science by
answering key questions about the origin of human life, the evidence left by the fossil record, and how the findings of science line up with the Bible.

Scientific Secrets in the Epic of Creation Enuma Elish-Mohammad R. N. Zok 2017-01-03 In this book, you will discover what the true story was and what the wrong one was in the myths of Sumer and Babylon. In the Mesopotamia region, plates written by ancient writers were discovered. After deciphering their content, scientists named them myths and legends because they interpreted that these texts spoke about gods and goddesses. As for me, I chose to describe the deciphering of these texts as right and wrong because it's right for scientists to call them myths and legends, but it's totally wrong to believe they speak about myths of gods and goddesses.

The Secret-Rhonda Byrne 2011-07-07 The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you’ll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You’ll begin to understand the hidden, untapped power that’s within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many
would regard as impossible.

An Astonishing Secret-Daniel O'Leary 2018-07-15 Think well before starting on this book. It is an invitation. It will take you in many directions. Much of it may be new to you. But it will not be new to your heart. Your heart is already familiar with the mysteries we will be exploring. It will recognise the beauty. But your mind needs to escape from the frames and constraints of many past, flawed teachings. So keep your eyes wide open and free as you read. The book is a call to you to stretch your thoughts, emotions and imagination in many ways. There will be ideas about the world and God and yourself that will both trouble and delight your spirit. There will be resistance and confusion. There has to be. There is no other way to widen and deepen your faith-understanding. But it will transform your life. Read the book as you would read a love-letter from God.

Genesis-Rudolf Steiner 1959

Creation-Gore Vidal 2018-08-22 Once again the incomparable Gore Vidal interprets and animates history -- this time in a panoramic tour of the 5th century B.C. -- and embellishes it with his own ironic humor, brilliant insights, and piercing observations. We meet a vast array of historical figures in a staggering novel of love, war, philosophy, and adventure . . . "There isn't a page of CREATION that doesn't inform and very few pages that do not delight." -- John Leonard, The New York Times

Feeders: The Creation of a Secret Sex Society-Jay Elliott 2009-05-05 After having a few wild after-parties and spontaneous erotic experiences, Jamel and friends embark on a mission to create a secret society in a college town to unite both young men and women who share the same desires of being involved in such of an alternative lifestyle. A secret underworld is created by Jamel as he recruits and selects the few and highly chosen candidates to become the first initiates. During the process of creating this unspoken underworld and having its first initiation, they all face
certain trials and tribulations that may abruptly end their journey. Relationships are at stake, hearts may be broken, erotic fantasies and secrets may be revealed, and the hopeful covenant is threatened of ever existing. Your man, your woman, best friend, and classmate could very well be a Feeder, but you won't have a clue or will ever know unless you join. What's your Fantasy?

Genesis - Rudolf Steiner 2002 How was the World Created? From a direct spiritual perception of the facts, Rudolf Steiner presents a new perspective that transcends the bipolar arguments of both the creationists and the scientific reductionist. He affirms that clairvoyant research accords with the biblical descriptions, but he emphasizes that the text of Genesis has to be interpreted in a special way. In this extraordinary document, Steiner speaks of the six days of creation as a reawakening of the previous phases of the Earth's development. He describes the work of spiritual hierarchies in the creation of Earth and clarifies the relationship of the Elohim and the biblical Jehovah. In addition, Steiner discusses themes of light and darkness, the meaning of Adam and Eve, the day of rest on the seventh day, the stages of human development on Earth, and the special character of the Hebrew language. Also featured in this new edition is a previously unpublished introductory lecture on the meaning of mystery drama.

The Power of the Word - Donald Tyson 2004-03-01 The true structure of the most sacred name of God is the great arcanum of occultism—never before explicitly revealed but only hinted at in obscure religious and alchemical emblems. It is now laid bare in The Power of the Word. Renowned occultist Donald Tyson clearly shows how IHVH, the four Hebrew letters in the lost name of God, hold the key that unlocks the meaning behind astrological symbolism, the Tarot, the kabbalah, the mysteries of the Old Testament and the Book of Revelation, divinatory systems such as the I Ching and medieval geomancy, the Enochian magic of John Dee, and modern ritual magic. The holiest name of God is nothing
less than the archetypal blueprint of creation, the basis for such fundamental forms as the DNA double helix and the binary language of modern computers. This groundbreaking work is the most complete magical reference guide to the secret code of creation ever presented.

Matrix of Creation-Richard Heath 2004-05-15 Reveals the ancient mathematical principles refuting the notion of the solar system as an accidental creation • Reveals how ancient civilizations encoded their secret knowledge of the sky in mythology, music, and sacred measures • Shows how modern culture can benefit from the ancient astronomical and astrological worldview based on number • Shows the role of ratio and harmonic proportions in the creation of the material world Humanity’s understanding of number was deeper and richer when the concept of creation was rooted in direct experience. But modern sensibility favors knowledge based exclusively on physical laws. We have forgotten what our ancestors once knew: that numbers and their properties create the forms of the world. Ancient units of measurement held within them the secrets of cosmic proportion and alignment that are hidden by the arbitrary decimal units of modern mathematical thinking. Sacred numbers arose from ancient man’s observations of the heavens. Just as base ten numbers relate to the fingers and toes in terms of counting, each celestial period divides into the others like fingers revealing the base numbers of planetary creation. This ancient system made the art of counting a sacramental art, its units being given spiritual meanings beyond just measurement. The imperial yard, for example, retains a direct relationship to the Equator, the length of a day and a year, and the angular values of Earth, Moon, and Jupiter. The ancients encoded their secret knowledge of the skies within mythology,
music, monuments, and units of sacred measurement. They understood that the ripeness of the natural world is the perfection of ratio and realized that the planetary environment—and time itself—is a creation of number.

The Beginning-M. J. Thomas 2017-08-08 The Secret of the Hidden Scrolls series follows siblings Peter and Mary and their dog, Hank, as they discover ancient scrolls that transport them back to key moments in biblical history. In the first adventure in the series, Peter and Mary find themselves witnesses to the creation of the world just as God is speaking it into existence. Can they unlock the mystery of the scrolls before they get trapped in history forever? Children will discover the answer as the two characters ride rhinos, meet the angel Michael, and talk to a certain snake in the Garden of Eden. Riveting text and engaging illustrations bring this beloved Bible story to riotous life.

A Crack in Creation-Jennifer A. Doudna 2017-06-13 BY THE WINNER OF THE 2020 NOBEL PRIZE IN CHEMISTRY Finalist for the Los Angeles Times Book Prize “The future is in our hands as never before, and this book explains the stakes like no other.” — George Lucas “Required reading for every concerned citizen.” — New York Review of Books Not since the atomic bomb has a technology so alarmed its inventors that they warned the world about its use. That is, until 2015, when biologist Jennifer Doudna called for a worldwide moratorium on the use of the gene-editing tool CRISPR—a revolutionary new technology that she helped create—to make heritable changes in human embryos. The cheapest, simplest, most effective way of manipulating DNA ever known, CRISPR may well give us the cure to HIV, genetic diseases, and some cancers. Yet even the tiniest changes to DNA could have myriad, unforeseeable consequences, to say nothing of the ethical and societal repercussions of intentionally mutating embryos to create “better” humans. Writing with fellow researcher Sam Sternberg, Doudna—who has since won the Nobel Prize for her CRISPR research—shares the thrilling story of
her discovery and describes the enormous responsibility that comes with the power to rewrite the code of life. “An invaluable account . . . We owe Doudna several times over.” — Guardian

The Book of Love and Creation-Paul Selig 2012-09-13 This major new work of channeled literature shows readers how to develop their own intuitive abilities and continues the program of self-development begun in Paul Selig’s popular previous book, I Am the Word. In this bold, bracing, and tremendously practical new work of spiritual psychology, author and medium Paul Selig takes the channeled teachings begun in his acclaimed I Am the Word into dramatic new territory. In this fresh revelation, the invisible teachers who speak through Selig actually instruct readers on how to develop their own powers of intuition, clairvoyance, and inner knowing. The Book of Love and Creation simultaneously helps readers develop as spiritual beings within, while growing into increasingly capable, resilient, and confident individuals amid the demands of outer life. Filled with meditations, exercises, psychological insights, and affirmations, The Book of Love and
Creation immediately produces change in the life of every dedicated person who approaches it. Perfect for returning readers and newcomers alike, the book is an extraordinary experience in a new body of channeled wisdom that is attracting readers across the world.

The Tenth Muse-Catherine Chung 2019-06-18 A RECOMMENDED BOOK FROM: Los Angeles Times * USA Today * O, the Oprah Magazine * Buzzfeed * The Rumpus * Entertainment Weekly * Elle * BBC * Christian Science Monitor * Electric Literature * The Millions * LitHub * Publishers Weekly * Kirkus * Refinery29 * Thrillist * BookBub * Nylon * Bustle * Goodreads An exhilarating, moving novel about a trailblazing mathematician whose research unearths her own extraordinary family story and its roots in World War II From the days of her childhood in the 1950s Midwest, Katherine knows she is different, and that her parents are not who they seem. As she matures from a girl of rare intelligence into an exceptional mathematician, traveling to Europe to further her studies, she must face the most human of problems—who is she? What is the cost of love, and what is the cost of ambition? These questions grow ever more entangled as Katherine strives to take her place in the world of higher mathematics and becomes involved with a brilliant and charismatic professor. When she embarks on a quest to conquer the Riemann hypothesis, the greatest unsolved mathematical problem of her time, she turns to a theorem with a mysterious history that may hold both the lock and the key to her identity, and to secrets long buried during World War II. Forced to confront some of the most consequential events of the twentieth century and rethink everything she knows of herself, she finds kinship in the stories of the women who came before her, and discovers how seemingly distant stories, lives, and ideas are inextricably linked to her own. The Tenth Muse is a gorgeous, sweeping tale about legacy, identity, and the beautiful ways the mind can make us free.
